

THE OSLO TWINS ARE COMING TO GERMANY IN APRIL 2027 FOR FOUR CONCERTS

The London-based indie synth-pop trio Oslo Twins is coming to Cologne, Berlin, Frankfurt, and Munich in April 2027. Claudia Vulliamy, Eric Davies, and Ed Lyness blend melancholic synth-pop, trip-hop, and atmospheric electronica into a sound that's as intimate as it is danceable. With their 2025 EP *Tresor* and the single "I Wake Up Slowly," the band musically explores the boundaries between memories, dreams, and emotions. After performing as the opening act for The Last Dinner Party and at festivals such as Green Man and Manchester Psych Fest, Oslo Twins will now present their music live in Germany. Advance ticket sales begin on November 5, 2026, at 11:00 a.m.
